About the 2018 version it's not compatible with 2016,2017 or 2018. [?][?][?][?]. Dec 11, 2019 bartholic says: bartholic 7c6a9c3cfd flangertexzk I think it's worth keeping. This is a fully functional flanger, it's a fantastic pedal to learn with, and it looks like it has a lot of possibilities. I've been told that the newer version (3.0?) is compatible with 2016+ even though it's not available on the download sites. Feb 25, 2019 kowalski says: kowalski wv0b021660 e FlangerTexZK Can be used in combination with the MFB2's warble (warble sends a very slight beep to the mixer channel) and any other VST Flanger to create a more digital flanger.
